

Summer School

This bulletin applies to the Private School Choice Programs which includes the Milwaukee Parental Choice Program, Racine Parental Choice Program, and Wisconsin Parental Choice Program. The information below is based on Wis. Stat. 119.23 and 118.60 and PI 35 and PI 48 pertaining to Summer School.

Private schools participating in the Choice program have the option to offer summer school academic classes that are related or similar to instruction offered during the regular academic school year. All administrators, teachers, and teacher aides for summer school must have the required credentials in the [Staff Credentials Bulletin](#), and schools must meet the requirements in the [Criminal Background Checks Bulletin](#). Schools must follow the guidelines in the [Student Tuition and Fees Bulletin](#) for Choice students for summer school, regardless if the school offers an approved summer program or not. Private schools participating in the Choice program may be eligible to receive state aid payments for providing allowable summer school instruction to Choice eligible students. In order to receive Choice state aid for summer school instruction an eligible school must meet all Choice program requirements.

Allowable Choice Summer School Instruction

Under Wisconsin Administrative Code PI 35.08 and PI 48.08, the State Superintendent of Public Instruction is required to annually review the summer classes or laboratory periods for Choice schools seeking Choice summer school state aid to ensure the classes are for academic purposes. Allowable Choice summer school instruction is defined under Wisconsin Administrative Code as summer school learning experiences that are related or similar to instruction the school offers during the regular school term or for which credit toward graduation is given.

Under Wisconsin Administrative Code, Choice summer school instruction *may* include:

- (a) music programs, lessons, sections or clinics;
- (b) swimming instruction programs, if taught or directed by a teacher at the site of the instruction; or
- (c) field trips if accompanied by a teacher and if all students have equal access to field trips regardless of their ability to pay.

The school is required to submit the Summer School Course List Report in the OAS by the *first weekday in May* prior to the summer school program. The DPI will review this report and request additional information as needed.

Student Eligibility for Choice Summer School Payment

The following students are eligible for Choice summer school state aid payments:

- (a) a Choice student who was enrolled in the MPCP, RPCP or the WPCP *at any same program* school on the 2nd Friday in January in the school term immediately preceding the summer school instruction (students cannot transfer between the MPCP, RPCP and WPCP—a student is only eligible for Choice summer school in the same program that the student was counted in during the school term immediately preceding summer school); or
- (b) a Choice student just accepted in the MPCP, RPCP or WPCP *at your school* for the school term immediately following the summer school instruction. This includes K4 students that have an accepted eligible Choice application for the school term immediately following the summer school instruction.

Choice Summer School Payment

A participating private school may receive a per student payment for eligible Choice students that attend summer school if the following are satisfied:

- 1. the private school offers no fewer than 19 days of instruction during the summer; and
- 2. each summer day of instruction offered by the private school is comprised of no fewer than 270 minutes of instruction.

If the above criteria are met, the private school is eligible to receive a per student payment for each eligible student that attends the private school for summer instruction as follows:

- 1. *student attends 15 or more days:* 5% of the maximum per student state aid amount from the prior year for the grade in which the pupil is attending summer school
- 2. *student attends less than 15 days:* prorated payment calculated as follows: the number of days the student attended divided by 15 multiplied by 5% of the maximum per student state aid amount from the prior year for the grade in which the pupil is attending summer school (i.e. days attended / 15 * 5% of the prior year amount).

The school is required to submit the Summer School Count Report in the OAS by *September 15* following the summer school program. A school may not receive both a Choice and SNSP summer school payment for the same pupil in the same school year. The DPI will review this report and request additional information as needed.

Choice Summer School Payment Process

After the DPI staff review the Summer School Count Report that is *due by September 15* following the summer school program, the summer school payment due to each Choice school will be issued as a separate payment and paid at the same time as the regular Choice payment the school receives in November. For example, if a school is eligible to receive a regular Choice payment of \$25,000 in November and their eligible summer school payment is \$5,000, the school will receive one payment in the amount of \$25,000 (as payment for their eligible Choice students included on the 3rd Friday in September Count Report) and a second payment in the amount of \$5,000 (as their summer school payment).

Choice Summer School Attendance Records

Schools are required to maintain summer school attendance records for Choice students. These records should be by class, identify the instructor, and list the attendance for each student by day. These records may but do not need to be maintained in the school's SIS. Please note that if a student's prior school year information changes as a result of course work completed in summer school, this information would be updated in the school's SIS for the prior school year. Examples include the graduation indicator (i.e. student finishes course work needed to meet graduation requirements during summer school and school updates the end of year graduation indicator in the school's SIS) and the completed school term indicator (i.e. student finishes course work needed to meet the requirements for a grade and school updates the indicator in the school's SIS). DPI's WISEdata team can answer questions regarding these indicators (go to <http://dpi.wi.gov/wisedata/schools> and click Start a Help Ticket from the left menu bar).
